BERTHING SKETCH PORT OF STAVANGER

TUESDAY 14. JUNE 2022

STAVANGER REGIONEN
Havnedrift AS

REV.NR. 01 - 01.01.2022

The map shows the coastline of Oslo, Norway, with various streets and landmarks labeled. A red line indicates the path of the ship Costa Diadema, which is shown as a red arrow pointing towards the harbor. The ship's name and passenger count are written along its length: "COSTA DIADEMA - Pax: 3693".

Mooring bollards are numbered from 1 to 37 along the coast. Some bollards are color-coded: green for gangways, orange for provisions, cyan for fresh water, and blue for garbage. Bollard numbers 36 and 37 are specifically highlighted.

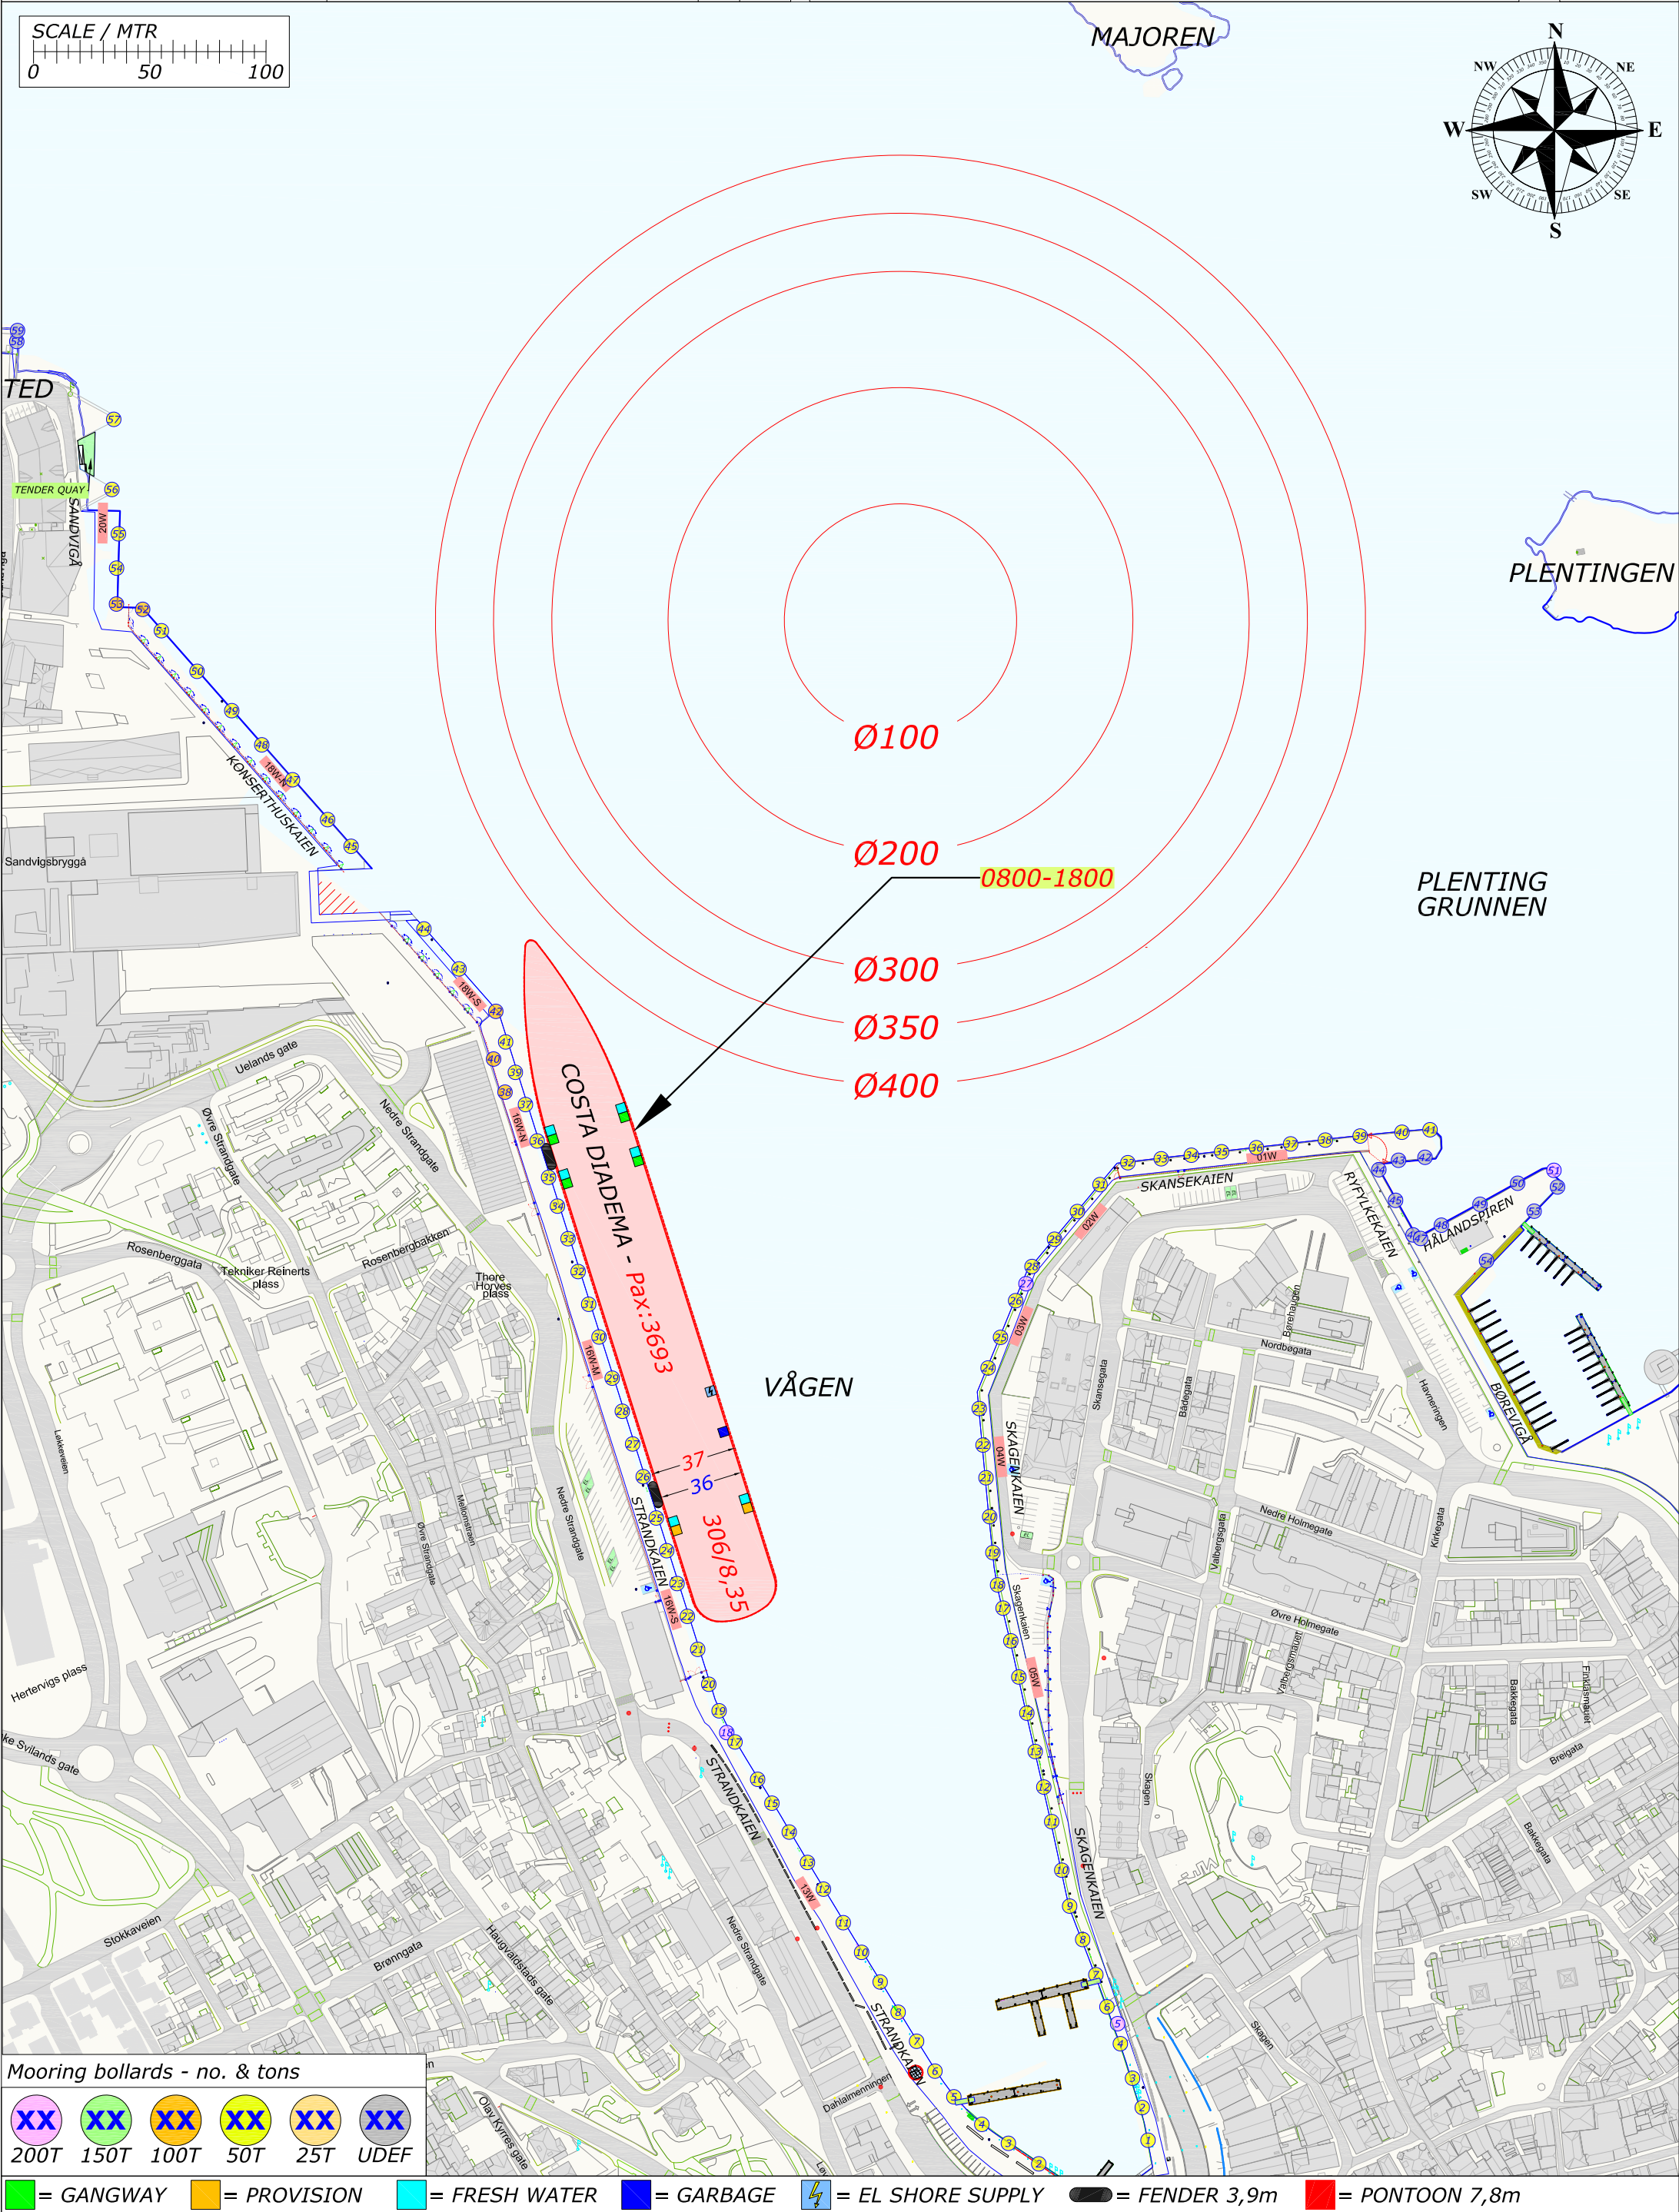

A scale bar at the top left indicates distances in meters (0, 50, 100). A legend at the bottom explains the symbols used for mooring bollards and their capacities:

- Mooring bollards - no. & tons**
- XX (purple) = 200T
- XX (green) = 150T
- XX (orange) = 100T
- XX (yellow) = 50T
- XX (light orange) = 25T
- XX (grey) = UDEF

Additional symbols at the bottom indicate specific services:

- Green square = GANGWAY
- Orange square = PROVISION
- Cyan square = FRESH WATER
- Blue square = GARBAGE
